

## **Chapter 310. Stormwater Management**

### **Article IX. Enforcement; Violations and Penalties**

#### **§ 310-903. Enforcement.**

- A. The Municipal Code Enforcement Officer or other designee is hereby authorized and directed to enforce all of the provisions of this chapter. The municipal governing body may delegate enforcement duties, including the initial determination of ordinance violation and service of notice, if notice is given, to such other officers or agents as the municipality shall deem qualified for that purpose.
- B. It shall be the responsibility of the landowner of the real property on which any regulated activity is proposed to occur, is occurring, or has occurred to comply with the applicable terms and conditions of this chapter.
- C. All municipal inspections for compliance with the approved SWM site plan shall be the responsibility of the municipality or its designee.
- D. During any stage of the work of any regulated activity, if the Municipal Engineer or other designee determines that the erosion and sediment control measures, permanent BMPs, conveyances or other stormwater facilities are not being installed or maintained in accordance with the approved SWM site plan, the municipality may suspend or revoke any existing permits or other approvals until the deficiencies are corrected or until a revised SWM site plan is submitted and approved, if and as determined to be necessary by the Municipal Engineer or other designee.
- E. In the event that the Municipal Engineer or other designee finds that a person has violated a provision of this chapter, or fails to conform to the requirements of any permit or approval issued by the municipality, or any O&M plan or O&M agreement approved by the municipality, the municipality may order compliance by written notice of the violation to the landowner.
- F. Such notice may, without limitation, require the following remedies:
  - (1) Performance of monitoring, analyses, and reporting;
  - (2) Elimination of prohibited connections or discharges;
  - (3) Cessation of any violating discharges, practices, or operations;
  - (4) Abatement or remediation of stormwater pollution or contamination hazards and the restoration of any affected property;
  - (5) Payment of a fine to cover administrative and remediation costs and/or forfeiture of financial security;
  - (6) Implementation of stormwater controls, BMPs, and conveyances; and

- (7) Operation, maintenance or repair of BMPs, conveyances or other stormwater facilities.
- G. Such notice shall set forth the nature of the violation(s), citing to specific sections of this chapter which have not been met, and establish a time limit for commencement of correction and completion of correction of the violations(s). The notice shall provide for a right of the landowner's appeal to the municipal governing body in accordance with § **310-906** of this chapter. Said notice shall further advise that, if applicable, should the violator fail to take the required action within the established deadline, possible sanctions, clearly described, may be imposed, or the work may be done by the municipality or designee, and the expense thereof shall be charged to the violator.
- H. Failure to comply within the time specified in such notice shall also subject such person to the penalty provisions of this chapter. All such penalties shall be deemed cumulative and shall not prevent the municipality from pursuing any and all other remedies available in law or equity.
