

# Schuylkill Township Transportation Evaluation

## Potential Intersection Projects & Grant Pursuit

January 2024

---

**Bowman**

# Pothouse Road and Bridge Street/Charlestown Road

## Potential Intersection Improvements:

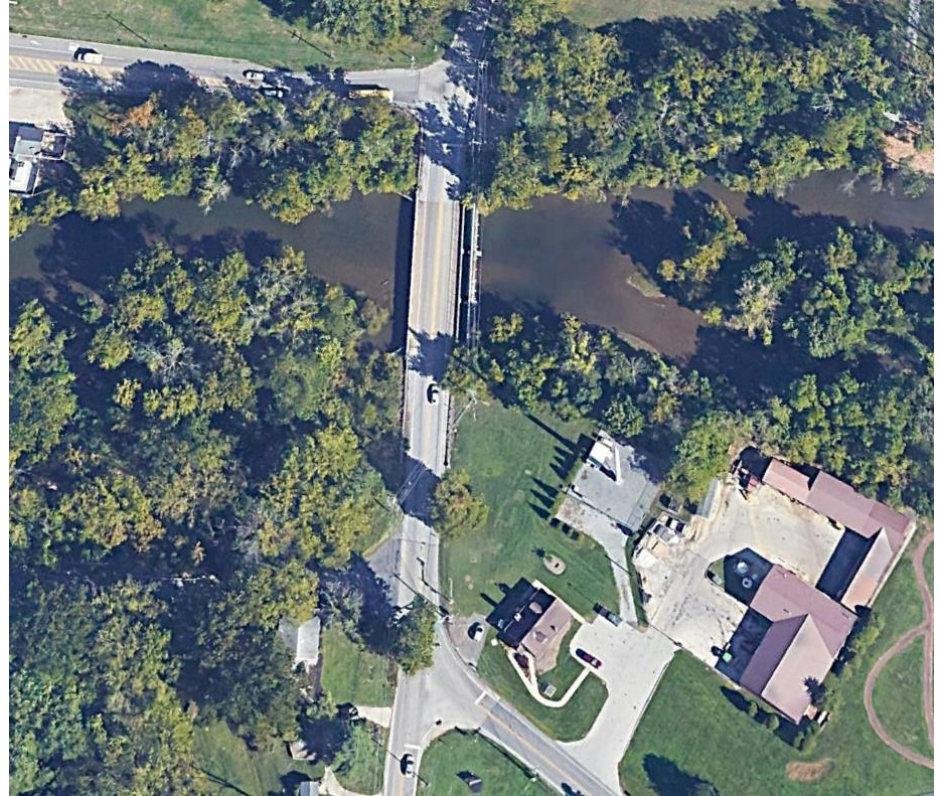

- Add left turn lanes on the EB and WB approaches of Pothouse Road
- Traffic signal modifications to accommodate road widening and any needed equipment upgrades

# Pothouse Road and White Horse Road/Valley Park Road

## Potential Intersection Improvements:

- Add EB right-turn lane on Pothouse Road
- Add NB left-turn lane on White Horse Road @ Pothouse Road
- Add SB left-turn lane on White Horse Road @ Valley Park Road

# Potential Grant Strategy and Opportunities

## DCED MTF Grant Application for Design Only

### Activities for grant application:

- Update Intersection Traffic Analysis
- Prepare Conceptual Design for Improvements
- Preliminary Evaluation of Potential Right-of-way and Utility Impacts
- Conceptual Level Opinion of Cost for Design and Construction
- Prepare grant application

# Potential Grant Strategy and Opportunities

## **DCED MTF Grant for Design Only – Estimated Schedule IF Awarded**

- Typical Application Period: March 1 – July 31
- Grant Awards: Fall/Winter 2024
- Execute Grant Agreements: Winter/Spring 2025
- Begin Engineering Design: Spring/Summer 2025
- Complete Engineering Design = 18 – 24 Months

*\* Schedule is dependent on timing of grant awards and execution of agreements. Typical Grant expiration is 3 years from announcement of award.*
